

Maidstone & Mid Kent Motor Club Ltd

Championship Regulations 2013

Introduction

The revised Regulations for MMKMC 2013 Championships are enclosed.

The only change from the previous rules is under **General Regulation 4** which now states that any query regarding allocated points must be made within 4 weeks of first publication of the championships whether that is in Kent Driver , MMKMC website or at a club event.

You may not be aware but the club has use of the best grass Autotest venue in the South East free of charge thanks to Jamie Freeman. However in lieu of payment we agree to operate the public car parks for the Invicta Military Vehicle Society Show weekend in August. In 2012 we again struggled for help so as in 2012 bonus points will be allocated to any competitor in the Grass Autotest championship who assists with the parking on either day of this event.

Don't forget to qualify for awards at the end of the year competitors must have marshalled on or helped organise at least one MMKMC event during the year. This is to ensure MMKMC events run successfully. To re-cap a competitor can claim points towards a championship in which they usually compete by marshalling or organising ,so they are not penalised for missing the event . As an alternative they can marshal or organise a completely different type of event in which they do not compete . In this case they will score points in either the marshals or event official championships accordingly. In either case they will then be eligible for the end of year awards.

Good luck in 2013

Andy Jenner

Championship Secretary
